PROFILE SUMMARY

Senior Angular Developer with 6+ years of experience in building scalable, high-performance enterprise web applications using Angular (9–20), TypeScript, JavaScript (ES6+), RxJS, Signals, Standalone Components, and Angular Material. Experienced in responsive UI development, reusable component architecture, state management, REST API integration, and performance optimization. Skilled in AI-assisted development using GitHub Copilot, ChatGPT, and Claude to improve code quality and development productivity.

PROFESSIONAL EXPERIENCE

Tata Technologies Private Limited, Pune, Maharashtra – Sr. Developer

June 2022 – Present

- Built reusable **Angular (Standalone Components, Signals)** and shared UI libraries to improve maintainability and reduce duplicate code across multiple applications. Applied **AI-assisted development** using **GitHub Copilot, ChatGPT, and Claude** to enhance code quality, accelerate feature delivery, and improve developer productivity
- Led Angular Version **Migration** and **Architecture**, ensuring smooth transitions, robust **Documentation**, and long-term **Maintainability**.
- Optimized application performance using **OnPush Change Detection**, lazy loading, code splitting, trackBy, and efficient state management.
- Contributed to application releases by fixing issues and delivering timely **Hotfixes** for smooth deployment.
- Enhanced user experience and interactivity through **Responsive Web Design**, leveraging **JavaScript, TypeScript, Bootstrap, and Angular Material**.
- Improved application consistency by 35% through a shared library of reusable components across multiple projects, using **Services** and **Dependency Injections**. Optimized code **Reusability** and consistency by **Directive, Pipe and RxJS** for common components across all applications.
- Developed visually engaging data visualizations and reports with **Chart.js** and **Angular Material**, enriching user interaction.
- Implemented **Responsive Design** principles, optimizing applications across various devices and screen sizes, with particular attention to **Bootstrap, Angular Material** and Custom **CSS**.
- Implemented robust **Validation** and **Error Handling** in Angular **Reactive Forms** to improve data integrity and system reliability.
- Enhanced **Code Quality** and performance by mentoring junior developers, conducting thorough **Reviews**, and fostering **Knowledge sharing**, resulting in a 20% increase in **Code Quality**.

DBDS Robotics Private Limited, Nashik, Maharashtra – Project Engineer

October 2019 – April 2022

- Delivered comprehensive solutions of **Frontend**.
- Led R&D for vision-based inspection systems, integrating **Angular** and **Web Servers**, boosting **Throughput** by 30%.
- Developed **User Interfaces** with cutting-edge technologies like **Beijer HMI, Omron HMI, and Angular**.
- Developed **Frontend** services with complex logic, efficient processing, and seamless **Inter-Controller Communication** of Robots.
- Successfully integrated **IoT, HMI devices** with **Robotics Control Systems** for **Real-Time Data Collection** and remote monitoring.
- Implemented UI solutions** for process visualization and operational efficiency.
- Developed and optimized robotics and automation programs for pharmaceutical systems as per client requirements
- Integrated RESTful APIs to display organization-wide metrics, improving data visibility and user experience.
- Delivering efficient **Automation Solutions** from design to **Deployment** and **Optimization**.
- Implemented frontend features for factory automation systems, helping reduce overall development and release time.

TECHNICAL SKILLS

UI: Angular | HTML5 | CSS3 | SCSS | Bootstrap | RxJs | Material-UI | Prime NG | chart.js

Programming: JavaScript | TypeScript

Environment Tools: VS Code | Git | Bitbucket | Jira

AI Tools: GitHub Copilot | ChatGPT | Claude

Project Achievement: Angular project Migration 9 to 14 | Add Multi language support (i18n) | Add Google maps API | Add SSO

EDUCATION

BE in Electrical Engineering with 66%

April 2019

Savitribai Phule Pune University (SPPU), Nashik, Maharashtra

Higher Secondary School Certificate Examination (HSC) with 68%

Feb 2014

Maharashtra State Board, Dhule, Maharashtra

Secondary School Certificate Examination (SSC) with 70%

March 2012

Maharashtra State Board, Dhule, Maharashtra
